

ANTI-SALOON LEAGUE CLOSES ITS SESSION

After Three Days' Work Members
Will Return to Their Homes.

FINE SPEECHES WERE MADE

Among the Speakers Were Hon. J. N. C. Stockton, Hon. Jefferson Browne and Others—Officers Elected—Headquarters Changed to Jacksonville.

From Friday's Daily Sun:

Thursday's sessions of the State Anti-Saloon League were intensely interesting throughout. The morning session opened at 10 o'clock, with devotional services by Rev. W. C. Foster of Alachua. President Nixon then introduced Hon. Jefferson B. Browne of Key West. Mr. Browne discussed "The Need of National Legislation and Why." This was probably the greatest speech delivered during this convention and that it was a delight to the audience was shown by applause, which interrupted the speaker every few minutes throughout his address. Mr. Browne is always a pleasing speaker, but on this occasion, with an audience thoroughly in sympathy with him, a subject to which he has given wise thought—a matter, the importance of which rests upon his heart as one of the most important confronting the people of the State—was at his best, and he thoroughly aroused and enthused the convention upon the subject of State prohibition.

Mr. Browne was followed by Mr. Lawrence, with an instructive address on "Field Day; What Is It? and Why It Should Be Held." Mr. Lawrence's address was brimful of helpful suggestions, born of a large experience in prohibition work, and will no doubt be helpful to the work in this State.

"Agitation and Public Sentiment Building" was ably discussed by Rev. W. J. Carpenter. Mr. Carpenter's many friends in the city were delighted to again have the opportunity of hearing him. He was for four years pastor of the Methodist church here, and is today one of the most popular preachers of the State.

The afternoon session was one full of interest. The devotional exercises were conducted by Rev. Mr. Thrasher of Micanopy.

In the absence of the secretary, Rev. M. A. Clonts of Key West was elected secretary pro-tem.

"The Methods of the Liquor Men in Prohibition Elections" was the subject of an address by Rev. C. C. Carroll, of Ocala. Mr. Carroll is a humorous speaker, and kept his audience smiling while he revealed the manner in which the liquor element defeated the prohibitionists in old Marion.

A paper prepared by Rev. E. A. Harrison on "The Use of Temperance Literature," was read by John P. Coffin of Eustis, and discussed by a number of members of the league.

In the evening the devotional services were opened by Rev. M. A. Clonts of Key West, which was followed by an eloquent address by Hon. Christopher Matheson along general lines. Col. Matheson was followed by Rev. W. J. Carpenter, who took the place of Governor Broward, who could not be here.

Election of Officers.

The following officers were elected during the day for the following year: President, Hon. J. L. Jones, Arcadia; A. D. Stevens, Jacksonville, first vice-president; Rev. J. S. Shibley, Pensacola, second vice-president; Dr. A. L. Islar, Ocala, third vice-president; Rev. J. H. Richardson, Ocala, secretary; Rev. W. R. Lambert, Gainesville, superintendent; Rev. Brooks Lawrence, Birmingham, Ala., general supervisor.

Jacksonville was selected as the general headquarters, that point being more accessible than any other in the State.

In all, the meeting was a most successful one, well attended, and great good is anticipated as a result of the convention.

A Baby

Should be sunshine in the home, and will be if you give it White's Cream Vermifuge, the greatest worm medicine ever offered to suffering humanity. MR. SAMMIS AT HOME.

Well Pleased With Gainesville and
Those He Met Here.

From Friday's Daily Sun:

E. H. Sammis of New Canaan, Conn., who spent several days here as a guest of Mr. and Mrs. M. B. Saunders, and who was delighted with what he saw here, has returned to his home in the East, where he has again settled down to business. Mr. Sammis arrived in New York safely Friday night, going via Clyde Line, and was met in that city by his good wife.

Mr. Sammis writes to Mr. Saunders to the effect that everything he saw in Florida "suited him right," and that he would never forget the hospitality extended him here, as well as the green fields of Alachua around Gainesville.

Miss Florence Sammis, daughter of Mr. Sammis, is still here as a guest of Miss Alice Thomas, and declares that she is so well pleased that she will not leave until she is "compelled" to do so. If Miss Thomas and her estimable mother, Mrs. Saunders, had their way, they would be willing if she became a "real resident" of Gainesville, as they do not desire to see her leave. Miss Sammis has been quite an addition to society here, and all will regret very much to see her leave.

COTTON BEING HELD.

H. A. Thomas of Alachua Says a
Thousand Bales Are Yet Unsold.

H. A. Thomas of Alachua was in the city Wednesday.

Mr. Thomas is not only an extensive farmer, but raises a great deal of cotton, and, being independent, holds his goods until the time he thinks the price is right.

"There are a thousand bales of cotton in the Alachua warehouse and the Alachua section now," he said. "We have made up our minds to keep our cotton until we can find somebody to pay the right price, and I am thankful to say we are all sticking together."

Mr. Thomas released a few bales of his own cotton a few days ago, however, as he secured the right price.

MR. PRINDLE'S FUNERAL.

Laid to Rest Thursday Afternoon—Im-
pressive Templar Ceremonies.

From Friday's Daily Sun:

The funeral of W. S. Prindle, who was found dead near Paradise Wednesday, was held at 2 o'clock Thursday afternoon, Rev. Francis Craighill of Holy Trinity Episcopal church officiating.

The funeral was conducted under direction of the Knights Templar, of which deceased was a member, and was well attended by friends.

The remains were conveyed to the private cemetery, where an elegant vault was provided several years ago, and around which the last sad rites were read.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Lintment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your lintment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your lintment." Sold by W. M. Johnson.

THE VAN AMBURG SHOWS.

Large Crowd Was Present at Both
Entertainments Thursday.

One of the best circuses ever visiting Gainesville was the Van Amburg show, which exhibited in this city Thursday, afternoon and evening, to delighted audiences.

This was the first appearance of the Van Amburg shows here, but those who witnessed it said it was as good of the kind as ever seen here. The show is clean, refined and up-to-date in every way. There appeared to be an absence of the usual "graffers" which follow a show of this magnitude, as the management of the show does not allow them.

The performance, from the beginning to the end, is clean and refined, and those who attended were delighted to witness a circus of such a clean nature.

AN IMPORTANT RESOLUTION

Passed at the Closing Session of the
Florida Anti-Saloon League.

At the closing session of the Anti-Saloon League, the following resolution, which will no doubt have a great influence in the coming election, was unanimously adopted by the convention:

"Resolved, That the delegates to the convention of the Anti-Saloon League do hereby urge the members of the local leagues throughout the State, to ascertain the attitude toward prohibition of the various candidates for office, and strive to elect those favoring prohibition, and the enactment of prohibition laws, that the State may be rid of the saloon."

Pof. H. A. Howell of Havana, Cuba,
Recommends Chamberlain's

Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by all druggists.

Death of Capt. Rice.

From Friday's Daily Sun:

Capt. W. F. Rice, formerly a resident of Arredondo, but for several years residing at Sydney, near Tampa, died at his home on the 19th inst. The funeral will be held at Arredondo today at 2 p. m.

Mr. Rice had a large host of friends in this city and county who will regret to learn of his death.

From Saturday's Daily Sun:

The funeral of Captain W. F. Rice, the sad death of whom occurred at Sydney on Thursday, was held at 2 o'clock Friday afternoon, Rev. W. S. Milne, formerly pastor of the Presbyterian church at Micanopy, but now of St. Petersburg, officiating.

The funeral was largely attended by sorrowing friends of the deceased, some of whom went from Gainesville, and many of them accompanied the remains to their last resting-place in Kanapaha cemetery.

CHAS. THOMAS WAS KILLED AT ALACHUA

Back Filled With Buckshot While
He Was Fishing With Family.

THE BODY FELL INTO WATER

Murderer Slipped Up to Bank, Performed His Deadly Work, and Disappeared as Mysteriously as He Had Come—Coroner's Jury on Case.

From Saturday's Daily Sun:
Information reached this city by telephone Friday of a fearful tragedy near Alachua, which occurred on a lake about five miles distant from that town, and which resulted in the instant death of Charles Thomas, colored, in the presence of his wife and two daughters.

It appears that Thomas, with his wife and daughters, was in a boat fishing, when someone crept stealthily up to the water a short distance from the boat, and, without warning, emptied the contents of two barrels of a gun loaded with buckshot into the man's back.

Thomas fell from the boat into the water, and it was with the utmost difficulty that his distracted companions rescued his body. Fortunately, though a miracle, none of the women were hurt.

The boat was pulled to shore as quickly as possible, but the perpetrator had disappeared as mysteriously as he had come.

The news of the tragedy spread rapidly, and as soon as it reached Alachua Justice Caswell empanelled a coroner's jury which was still in session at a late hour Friday afternoon.

The murder is a complete mystery, and there is no clue, as far as can be learned.

Thomas is the same man who attempted to burn his way out of the Alachua jail while a prisoner there about two weeks ago, which resulted in his being badly burned and the destruction of the building.

COMFORTING WORDS

Many a Florida Household Will
Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

DEATH OF MR. DAIGRE.

Well Known Citizen Passed Away
Friday—Remains to Louisiana.

From Saturday's Daily Sun:
This community was grieved Friday morning over the death of Mr. R. Daigre, which sad event occurred at his home, the Commercial House, about 9 o'clock, of tuberculosis, after several months' suffering.

Deceased was born in Iverville Parish, Louisiana, sixty-nine years ago, and about seventeen years ago came to Florida, settling near McIntosh, where he purchased a fine grove. He remained on this property until about two years ago, when, with his wife, he removed to Gainesville, and has made this his home ever since.

While rather unpretentious in disposition and very unassuming, Mr. Daigre made many friends who admired him for his good traits. He was a Confederate veteran, having served faithfully and efficiently in behalf of his country during the Civil War, experiencing active service. He wore upon his lapel always a Confederate cross of honor, which he often declared he prized most dearly among his worldly goods. It was honorably won and honorably worn.

Deceased was a member of the Catholic Church, and the funeral services were conducted at his home at 2 o'clock Friday afternoon, Rev. P. J. Lynch of St. Patrick's Catholic church officiating. The services were well attended, a number of Confederate Veterans and members of the United Daughters of the Confederacy being present, as a last mark of respect.

The remains, which were prepared by Dr. T. E. Thomas, were shipped to Plaquemine, La., for interment, and were accompanied to the train by a detachment of Veterans, as an escort of honor.

Deceased is survived by a distracted wife, who was unable to accompany the remains, and to whom the sympathy of the entire community is extended.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

DEATH OF MR. FUTCH.

Santa Fe Correspondent Tells of Mr. Futch's Career and Usefulness.

Santa Fe, March 19.—One of the oldest members of the Stonewall Camp of U. C. V. has passed over the river and is resting under the shade. Eli Futch, or "Grandpa" Futch, as he was called, passed away on the morning of the 16th, surrounded by his sorrowing family and admiring friends. He was taken sick on the 3rd with lagrippe. Notwithstanding all that could be done by his devoted children and friends, he lingered until the above mentioned time. His remains were interred in the Futch burying ground at New Hope on the 17th, surrounded by his devoted relatives and a large concourse of friends. The funeral was conducted from the residence of his son-in-law, W. M. Blitch, Rev. W. C. Foster of Alachua officiating. The pall bearers were Hon. T. A. Duke, Capt. H. C. Parker, Ivin Holder, J. E. Hill, M. Mansfield and J. P. Pope.

"Grandpa" Futch was nearly four-score and three years old, devoted to his children and his country. He is dead but his memory will live.

DEATH OF MR. KENNARD

One of Alachua County's Oldest Citizens Passed Away at Waldo.

One of the saddest deaths to occur in the East End for some time was that of Judge S. J. Kennard, who passed away at his home in Waldo on Wednesday, after a lingering illness of about two weeks.

Deceased was a native of this county, and has been a resident of Waldo virtually all his life, being one of the oldest settlers of that town. He was a man of public spirit, always ready for anything for the betterment and advancement of his town and his community.

Deceased is survived by a widow, three sons, S. J. Kennard, Jr., of Fernandina, T. O. Kennard of Jacksonville and J. B. Kennard of Waldo, and two daughters, Mrs. W. S. Lang of this city and Mrs. L. C. Doane of Waldo, to whom the sympathy of friends is extended.

The funeral was held at Waldo Thursday.

NOTABLE MEDICAL DISCOVERY

Of Special Value to Many Here in Gainesville.

A notable medical discovery and one that appeals especially to many people in Gainesville is the combination of stomach remedies in the Miona treatment. This preparation has worked wonders in cases of indigestion or weak stomach.

It acts specifically upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of Miona that the remedy is sold by J. W. McCollum & Co. under an absolute guarantee to refund the money if it fails to cure. With an offer like this, none can afford to suffer with indigestion or stomach troubles. A 50-cent box of Miona will do more good than half-a-dozen boxes of ordinary digestive tablets.

S.S.S. MADE FROM ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. If you are a candidate for office let the people know it through The Sun.

Alachua is far behind many of the other counties so far as the crop of candidates is concerned.

The picnic season is now on and the woods around Gainesville are favorite resorts for the young people.

The orange bloom is said to be especially heavy this year, and The Orlando Reporter-Star says the crop will be the largest since the freeze.

The County Commissioners should give the matter of reapportioning their respective districts immediate attention. As at present apportioned the districts are not nearly equal either as to territory or population.

It is pleasing to note the rapid increase of The Sun's subscription list. Our traveling solicitor, Mr. G. D. Folks, is doing good work in this line, and the value of the paper as an advertising medium is daily increasing.

There is no disguising the fact that Hon. W. B. Lamar is going to be a prominent figure in the Senatorial contest. He has a good record, as well as a charming wife to aid him in his canvass, and is making friends daily.

The serious illness of Senator W. J. Bryan will prevent an active canvass on his part during the contest now on for his seat. In his misfortune he and his family have the sympathy of the whole people of the State.

Hon. John N. C. Stockton, the leading candidate for Governor, was a welcome visitor to Gainesville this week. Mr. Stockton is no stranger to the people of Alachua county and will receive a flattering vote here at the coming primary.

The press bulletins issued by the Experiment Station of the University of Florida are of great value to the farmers and stock raisers of Florida, and should be preserved for future reference. The Sun is glad of the opportunity to print them.

Now that John Stockton has "got busy" in his own interest for Governor the other candidates are also "in the saddle" and scouring the woods in search of votes. They realize that Mr. Stockton is possessed of great energy and is hard to beat in a whirlwind campaign.

The people of Tampa are wrought up over the possibility of the loss of the Cuban mail line, which would mean the diverting of nearly all Cuban traffic through Knight's Key. Every effort will be made to retain this service, but it is possible that the mail will be taken by the shortest route.

The claims for broken jugs consigned to different points in Georgia were so extensive that the Southern Express Company found it unprofitable to handle the business, hence the order to agents not to accept shipments of liquor consigned to residents of that State. This will result in an increased business in the freight line.

SENATOR BRYAN IS DEAD.

While the people of Gainesville were reading the pleasing statement in the daily papers on Sunday that Senator Bryan's condition was much improved, the news was received by wire that he had died that same morning. The first intelligence of the sad death of this brilliant young man came through a message to Governor Broward, who was the guest of Judge Syd L. Carter. The Sergeant-at-Arms of the United States Senate also notified Mr. Dave Bryan, a brother of the deceased, who is a student at the University of Florida in this city.

Senator Bryan was well known to many of the people of this city personally, and everyone, whether they had ever met him or not, expressed the deepest regret that his brilliant and promising career had been so suddenly ended.

William James Bryan was a native of Orange county and was 31 years old. Upon the death of Senator Malory a few weeks ago Governor Broward appointed him to fill the unexpired term ending March 4, 1939. Next to Henry Clay he was the youngest man who ever occupied a seat in the U. S. Senate. He had barely become acquainted with the duties of the office when he was stricken with typhoid fever, and after three weeks' illness he succumbed to the dread disease in the hospital at Washington.

Senator Bryan was a brilliant orator and a lawyer of exceptional ability, an unusually pleasant man to meet, and a typical Southerner. He was a candidate to succeed himself and had a strong following throughout the State.

HOLLOWAY IS A CANDIDATE.

Hon. W. M. Holloway, State Superintendent of Public Instruction, whose candidacy for renomination has been known to the public for several months, is now officially a candidate to succeed himself, as indicated by the following letter:

Tallahassee, Florida, March 20, 1938.
Hon. Arthur T. Williams, Chairman
State Executive Committee, Jacksonville, Florida.

My Dear Sir: Your favor of the 18th inst., enclosing a blank notice of candidacy for United States Senator and State officers other than members of the Legislature, together with a copy of the rules, resolutions and election laws governing primary elections, has been received.

Enclosed find herewith my notice of candidacy, together with check for \$125, which will cover the amount of my assessment as a candidate for the office of State Superintendent of Public Instruction.

Kindly acknowledge receipt of same, and oblige. Yours truly,

W. M. HOLLOWAY.

A NEW DISCOVERY.

The Philadelphia Record says Undertaker J. P. Rose of Brownsville, Pa., believes he has discovered the secret of Egyptian mummy embalming, and crowds visit his establishment daily to gaze on a dead unknown, into whose body he has been injecting a secret preserving fluid daily for the past six weeks.

The man was killed by a train on January 20. No one claimed the body, and the undertaker secured it, guaranteeing a decent burial, when his experiments were finished.

In nearly fifty days that have passed since there has been no change in the appearance of the body, except that it has become almost white and as firm as marble. After a week the beard of the stranger grew to the length of a quarter of an inch. A shave was regarded as necessary, and the undertaker sought for several days before he found a barber willing to undertake the job. Since then the mummy has been given a clean shave once a week.

The editor of The Sun has been a resident of Gainesville for 29 years, and never has he seen so little interest manifested in municipal politics. The election occurs on April 14th, and in order to have names printed on the ballots candidates must be certified to the Council not later than March 25th, yet no nominations have been made or petitions circulated for certification. It behooves the taxpayers to "get busy" at once.

The Sun is requested to announce that L. N. Roberts of Bell will be a candidate for county commissioner from the second district at the May primary, formal announcement of which will be made later.

The DeFuniak Breeze informs us that if anyone wants some very valuable information on the fertilizer question they should send to Commissioner, McLin for a copy of the January number of The Bulletin which contains State Chemist Rose's annual report. All it will cost will be a postal card, and the information is worth dollars and lots of them to every farmer in the State. Among other things it contains a number of formulae for home fertilizers. When you pay taxes you are paying for this information, and you ought to get what you pay for.—Live Oak Democrat.

The people who have known Albert Gilchrist from boyhood no more believe that he would be guilty of a dishonorable act than they do that John Stockton is the candidate of the "corporations." All the candidates for Governor are honorable gentlemen, and it is to be regretted that some over-zealous friends of any one candidate should endeavor to besmirch the character of another. Let's have a clean, manly fight, brother editors, and when the contest is over we will all feel the better for it.

There is at least one candidate in Hamilton county who has the courage to express his convictions. His name is J. W. Bynum, and he is seeking to go to the Legislature. In his platform he says: "I shall favor local option as it now appears in our State constitution and oppose any measure which would prohibit any citizen from ordering a bottle or jug of liquor whenever he wishes to do so." Mr. Bynum's courage is more to be admired than his judgment, from the standpoint of political policy.

F. F. Paulling, the very faithful and efficient County Commissioner from the fourth district, is a candidate for re-election, as will be seen by his announcement in today's paper. Mr. Paulling is one of the best-known and most highly esteemed citizens of Alachua county, and his friends will rally to his support in the approaching primary with a determination to land him a winner.

Governor Broward was accorded a most hearty welcome upon his recent visit to Miami. The Governor has reason to feel proud of his increasing popularity in the Everglades section, and if his drainage operations prove as successful in the rainy season as they have during the extended drought in the 'Glades he will be the most popular man in Florida all along the East Coast.

A Waldo correspondent suggests the name of E. W. Millican for County Commissioner. He says Mr. Millican is in every way qualified for the position and would make an excellent official. The correspondent says nothing is to be said against the present commissioner, but that the people of that section are entitled to the office this time.

E. A. Osteen, who has been a faithful and efficient deputy of Sheriff Fennell since the latter's induction into the office, announces himself as a candidate for sheriff in today's Sun. Mr. Osteen is well qualified for the office and would make an efficient officer. He has friends throughout the county who will give him loyal support.

In reply to friends of the various candidates as to who The Sun will support for this and that office, we repeat: We will support the candidate who is nominated. This is a Democratic fight, and The Sun, being a Democratic newspaper, has no right to take sides for or against any candidate, so long as we consider the candidate worthy of the office.

Hon. Ion L. Farris has formally announced that he will not be a candidate for Congress against the able and worthy incumbent, Congressman Frank Clark, but will stand for re-election to the Legislature from Duval county. Mr. Farris has acted wisely in the matter, for he would have met a Waterloo had he measured swords with Col. Clark.

Candidates for the Legislature are slow in making announcements this year. It is not very likely that the two positions will "go begging," however, and the best men in the county should be selected.

H. B. Brooker of Bell will be a candidate for renomination as a member of the school board from the second district in the coming primary. His formal announcement will appear in a few days.

Albert W. Gilchrist Candidate for Governor of Florida

No faction, machine or ring, brought him out. He came out as a candidate alone and single-handed. He will be glad to receive the support of the corporations, of the anti-corporations, the prohibitionists and the anti-prohibitionists, of the local optionists, the Christians and the Jews and of the Gentiles, the "Publicans and sinners." He would even accept the support of the Pharisees.

The corporations cannot do without the people, and the people cannot do without the corporations. Neither should be allowed to oppress the other. Capital is organized, labor should organize.

The license tax law licensing each little enterprise should be amended in order that taxation should bear more evenly.

Article XIX of the Constitution provides for Local Option. The qualified electors (not the Governor) approve or veto constitutional amendments. He is not on the "recently constructed band wagon."

He commenced life working in Quincy, Florida, at a salary of \$15 per month, and boarded himself. He has himself been a hard-working, struggling man and he knows what it means in others. He has never married, he has always had obligations. His life has been spent more in thoughtful consideration of other people than of himself. He feels sure he will be elected "if he gets enough votes." He does not propose to trade off a single office. There is honor in being Governor. If it is tainted with dishonor he does not want the office.

News comes from all over the State that the people are manifesting very little interest in politics. The candidates for State offices are unable to get very large crowds out to hear them and it has been suggested that they arrange joint debates. It is probable that such will be done during the next few weeks.

Anyone wishing to correspond with Capt. I. J. Carter can address him at Putnam Hall, Fla. This information is given for the benefit of any survivors of Capt. Carter's company who may desire his testimony in relation to service in the Confederate army.

POLITICAL ANNOUNCEMENTS

Advertisements under this head, not exceeding nine lines, will be published one time a week in the daily, and one time a week in the semi-weekly, from now until the Democratic primary on May 19th for \$10; after April 1st the rate will be \$5. Cash must accompany the announcement in every instance.

FOR SHERIFF.

At the earnest solicitation of many friends throughout the county, I announce for the office of Sheriff of Alachua county, subject to the action of the primary election. If elected I assure the people that I will serve them faithfully and impartially.

P. G. RAMSEY.

I hereby announce myself as a candidate for the office of Sheriff of Alachua county at the ensuing Democratic primary, and solicit the support of the voters. I promise, if elected, to discharge the duties of the office without fear, favor or partiality, to the best of my knowledge.

W. G. RICHARDSON.

Having served as Deputy Sheriff since the present incumbent went into the office, and being requested by friends throughout the county, I announce my candidacy for Sheriff of Alachua county, subject to action of the Democratic primary May 19th. If elected I promise a faithful performance of the duties of the office. So

liciting your support, I am, respectfully yours,
E. A. OSTEN.

Willeford, Fla., March 20.

In the primary election four years ago I made the statement that if my friends would give me the office at that time, I would not again ask for it. My intentions were pure, and on no account would I have come before you, again asking your support, of my own accord, but many of the best men from various sections of Alachua county have petitioned me by writing and a great many others personally to stand for the nomination of Sheriff in the coming primary, and today I received an official request from one of the most powerful moral organizations in the country, urging me to stand for the nomination, and, in deference to their wishes, I announce that I will accept the nomination for Sheriff of Alachua county on the platform and according to the rules of the Democratic primary, held May 19th, and if nominated and elected I will perform the duties of the office with the same impartiality and justice that I have done in the past.

L. W. FENNELL.

March 6th, 1938.

FOR COUNTY JUDGE.

To My Friends and Fellow-Citizens: I am a candidate for County Judge, and I ask you for your votes. I will administer this office without favor to anyone; so please register, pay your poll taxes and vote for

Yours truly,
J. A. CARLISLE.

I respectfully announce myself a candidate for re-election as County Judge. I solicit the votes of all Democrats at the primary on May 19th, and if nominated and elected I will perform the duties of the office to the best of my ability with the same impartiality that has characterized my discharge of the same in the past. Respectfully,
H. G. MASON.

FOR TAX COLLECTOR.

I am a candidate for re-election as Tax Collector, subject to action of Democratic primary. Having served in this position several years, I feel that experience qualifies me to discharge the duties of this important office with a reasonable degree of satisfaction to tax-payers. Thanking all for their past support, and soliciting your votes at the coming primary, I am very respectfully,
W. D. DICKINSON.

FOR COUNTY TREASURER.

I hereby announce myself a candidate for the office of County Treasurer, subject to action of the Democratic primary, and will appreciate the support of all fellow-Democrats. Respectfully,
W. J. MATTHEUS.
Donnie, Fla., March 14, 1938.

I respectfully announce myself a candidate for re-election to the office of County Treasurer and solicit the votes of all Democrats. If elected I promise to fulfill the duties of the office in the future as in the past. Respectfully,
R. B. PEELER.
March 6th, 1938.

FOR COUNTY COMMISSIONER.

I respectfully announce myself a candidate for County Commissioner from District No. 4 and solicit the votes of all Democrats at the coming primary. Respectfully, J. W. MAY.
Micanopy, Fla., R. F. D. No. 1.

I respectfully announce myself a candidate for County Commissioner from District No. 4, and solicit the votes of all Democrats. If elected I will perform the duties of the office to the best of my ability. Respectfully,
A. U. HILLEARY.
Micanopy, Fla., March 13, 1938.

I respectfully announce my candidacy for re-election as County Commissioner from the 4th district, comprising the election districts of Lake View, Micanopy and Archer, subject to the Democratic primary. If elected I shall endeavor to serve the people faithfully and impartially. Very truly,
F. F. PAULLING.
Lake View, March 20.

I hereby announce myself a candidate for County Commissioner from District No. 5, subject to the action of the primary. If elected I will endeavor to give the people a fair and impartial service. Respectfully,
R. M. MARTIN.
Hawthorn, March 9th, 1938.

I respectfully announce myself a candidate for re-election as County Commissioner from District No. 5, promising the same faithful attention of the duties of the office in the future as in the past, and solicit the votes of my fellow-Democrats. Respectfully,
J. F. TOWNSEND.

I respectfully announce myself a candidate for County Commissioner from District No. 5. If elected I promise to give my faithful attention to all the duties of the office and serve the people to the best of my ability. I solicit the votes of my fellow-Democrats. Respectfully,
W. F. AVANT.
Island Grove, March 3rd, 1938.

FOR MEMBER SCHOOL BOARD.

I respectfully announce myself a candidate for re-election as a member of the School Board from District No. 1, and if elected promise to serve my constituents with the same faithfulness as I have endeavored to serve them in the past. Vote for me, fellow-Democrats, and you will have no cause to regret it. Very truly,
R. B. WEEKS.

OPEN HOUSE AT STATE UNIVERSITY

Faculty and Students Entertained
Guests in a Clever Manner.

MANY VISITORS WERE PRESENT

They Were Shown Through All Buildings and the Experimental Farm, Where Professors and Assistants in Various Departments Explained.

From Sunday's Daily Sun:

The "Open House" at the University and Experiment Station on Friday, March 20, was a great success and reflects great credit upon the committee who had it in charge. A large number of people were present, and this in spite of the threatened storm.

Conveyances decked in University colors ran at frequent intervals from the court house square to the campus. These began to run at about seven o'clock, the Student Brass Band playing a few selections on the square before the first left.

The visitors found sentinels in full uniform at the gates, and guards stationed wherever it was thought advisable, to give full directions. At the cadet barracks the ladies were received by Captain Cox and Mrs. Crow.

At 7:45 the trumpeters sounded the "Call to Quarters," which gave notice that the students were in their rooms, and that everything in the barracks was open to inspection. In a few minutes large numbers visited the students' rooms. It surprised most of the visitors to find what good taste the students have, and how attractive the rooms are.

At 8:30 the trumpeters sounded the "Release from Quarters," whereupon all the other buildings were thrown open, and conveyances began to make trips around the grounds. Most of the visitors went through the grounds and buildings systematically, beginning at the end of Thomas Hall, occupied by the offices of the president, auditor, etc.

The second floor of this section is the private quarters of Mrs. Swanson, and here she received her friends. The floor above is used for the museum. Most of the visitors were

especially pleased by the large collection of birds.

Entering the next section the guests were shown through the kitchen and pantries, and then through the dining-hall. These were shown as they appear in daily use. Here one was most impressed by the neatness and orderly arrangement. The second floor of this section is occupied partly as stock-room for the library and partly as class-rooms for Dr. Yocum and Dr. Schmidt. Dr. Yocum was on hand to give information about his department. The floor above is used as a reading-room and class-room for Dr. Banks. The reading-room also serves as a library. The visitors noted that the departments of English, History, and Political Economy were quite rich. Most of the well-known American periodicals were to be seen, a large number of newspapers and magazines.

The next section gave entrance to the chapel, which had been tastefully decorated for the occasion with potted plants and bunting. On the second and third floors were found the rooms of the Mechanical Engineering Department.

All the sections were open for inspection. Great interest was shown by the guests in the Department of Physics, where Dr. Benton explained the use of some of his apparatus.

Experiment Station.

On the left of the entrance into the Experiment Station building, the chemical laboratories of Prof. A. W. Blair were open to visitors. Here might be seen in operation various chemical processes; such as the apparatus for fat extraction, in which the percentage of fat in velvet beans was being determined. There were also shown the operations for determining lime and nitrogen and the process of sealing agricultural products in a muffle furnace. In another room were shown the machines for grinding samples of seeds, etc., and for pulping fruit and vegetables, extracting their juice, determining their sugars by the polariscope, and their acids by titration. A vacuum drier, a sugar polariscope of the most improved type, and an Atwater bomb calorimeter for ascertaining the amount of energy-producing material in various feeds were also on view.

On the right-hand of the ground-floor Prof. John M. Scott, of the De-

partment of Animal Industry, showed centrifugal test of milk by the Babcock process, and seeds of varieties of clover, alfalfa, corn, velvet bean, cowpea, and soybean. Samples of cotton and velvet beans were also to be seen. Charts showing the percentage composition of different feeds in digestible nutriment, and example of balanced and unbalanced rations were on the walls. On one table was a display of veterinary instruments.

The plant physiologist had arranged an instructive series showing each step of the processes necessary in preparing thin sections of plant tissues for the microscope. Branches of the oranges affected with die-back, chlorosis of the cassava, and orange leaf spots were to be seen, as well as all the details of a complete outfit for microscopical work on plants.

On the first floor the visitors might inspect the compact and well-arranged library of the Station, admirably presided over by Mrs. E. W. Berger. On its shelves, in one thousand bound volumes and more than 1,300 pamphlets, are found a practically complete set of the publications of the Department of Agriculture, and of the Experiment Stations of the United States, as well as of many foreign agricultural departments and botanic stations.

The Horticultural and Botanical Department, on the opposite side, Prof. P. H. Rolfs exhibited a number of tropical and sub-tropical fruits. Photographs of fruits, trees and groves, and also charts of rotations and of crops, were on the walls.

The botanist exhibited the bacterial diseases of celery, known as black heart, the cause of the disease being shown under the microscope. Samples showing the use of the thermometer in guava jelly making were on view.

At the top floor of the building, in the large room devoted to Plant Pathology, Prof. H. S. Fawcett had arranged some instructive exhibits of fungus diseases. The disease known as scalybark of the orange was shown as it affects the branches and the fruit. Samples of oranges which had been sprayed with Bordeaux mixture showed the effects of the fungicide in the absence of scalybark marks, but there was a large crop of purple scale. Other orange samples displayed the effects of the spraying on the smoky fungus of the orange. The black rot

of cabbage was illustrated by the yellow bacteria, which cause it being viewed under a magnification of 1,000. These bacteria were also shown growing on rice and nutrient jelly, and the process of counting the number of bacterial colonies, each of which grows from one bacterium in the dishes of nutrient jelly, was illustrated.

The entomologist, Dr. E. W. Berger, exhibited pumps for spraying fungicides or fungus spores, insecticidal solutions, or dust. A number of injurious insects were on view. An interesting exhibit was the demonstration of the excretion of honey-dew in drops by whitefly larvae. The work of the Yanatee snail in clearing off the sooty mold which grows in the honey-dew was illustrated by photographs. Collections of moths, butterflies and beetles were on view.

In front of the Experiment Station building, in a temporary and well-lighted pen, the Animal Industrialist had on view two shorthorn bulls, (one, five years old, weighing 1,600 pounds), one shorthorn cow (5 years old, weighing 1,100 pounds), one Jersey cow, and a native Florida cow.

After our examination of the Experiment Station rooms we find a conveyance waiting to take us to the green house. At the green house we find Mr. Hess, who shows us his collection of plants and who also indicates what experiments are being carried on. A flying trip across the farms, stopping to glance at the pool where Mr. Hess has a fine collection of aquatic and semi-aquatic plants, we pass on hurriedly and come to the swimming-pool, which was formerly a large sink-hole, but has been fitted up in a modern manner.

We did not visit the gymnasium and athletic fields, but went on to the shop. Here we found a very creditable assortment of wood and iron-working tools, and we were surprised by the skill and proficiency of the students as displayed in the samples of their work on exhibition.

Back to the chapel, which we reach in time to hear Mrs. Crow play and to hear Miss Schmidt sing, both of whom pleased us greatly by their renditions. At the close of their playing Dr. Sladd made a short and informal address. In this he told of the work of the University, compared it with the other higher institutions

of learning in the South, and showed why all the friends of the institution should feel proud of what it has already accomplished and hopeful as to its future.

Elegant Display of Spring Goods At the "Daylight Store."

Never before has such a grand display of spring goods been seen in Gainesville as is now found at the "Daylight Store"—The G. W. Hyde Company—the finest and most attractive dry goods establishment in the State of Florida.

The display of hats and other fine millinery is truly a thing of beauty, while the handsome line of ladies' ready-to-wear garments is as much admired by the men as the ladies themselves.

Everything is offered at the lowest prices, and goods are shown with pleasure, whether you buy or not. Do not fail to read the advertisement of The Hyde Co. in today's Sun, and notice the exceedingly low prices quoted therein.

Guards to Be Inspected.

From Sunday's Daily Sun:

Captain J. W. Blanding, commanding Company H, Second Infantry, Florida State Troops—the Gainesville Guards—has received information that his company will be subjected to inspection next Tuesday evening.

Adjutant-General J. C. R. Foster will probably not be present, but a regularly commissioned officer of the U. S. Army will conduct the inspection.

Captain Blanding and Lieutenants Warren and Wheeler feel very much pleased over the prospects of this inspection, as the company is now in its elegant new armory, and was never in better condition since its organization. Several new names have been added to the roster since the last inspection, and in all the company will make a fine showing.

Captain Blanding extends a cordial invitation to the public to attend this inspection, during which the company will participate in a drill.

TWO LYNCHINGS IN TAYLOR COUNTY

Negroes Taken From Jail at
Perry and Shot to Death.

PERRY WAS SCENE OF TRAGEDY

Victims Were Charged With Murder.
One Had Attempted to Kill Jailer.
The Men Securely Tied to Posts and
Then Riddled With Bullets.

A dispatch to The Times-Union from
Perry, Fla., under date of March 19th,
says:

"Between 1 and 2 o'clock this morn-
ing a mob of citizens quietly went
to the county jail and secured Rich-
ard Smith and Will McMillan, both
negroes, and carrying them to a se-
cluded spot just outside of the town,
tied them securely to posts and ridd-
led their bodies with bullets. Leav-
ing them in that position they quiet-
ly left the scene.

"The bodies were found early this
morning but there is no clue as to
who the mob was composed of.

"Richard Smith was charged with
the murder of a white man a few days
ago at Blue Creek and Will McMillan
was awaiting trial for the murder of
another negro.

"McMillan was the same negro who
attempted to kill W. R. Carter, the
jailer, and did not succeed in making
his escape, being captured later by
Marshal Hawkins. It is not believed
here that many members of the mob,
if any, were residents of Perry, as
there was no cause for them to take
the law in their own hands."

Great sorrow is felt in DeLand over
the death of Hon. Henry A. DeLand,
founder of the city. The sad event
occurred last Friday at his home in
Fairport, N. Y.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-
nelton, W. Va., "I was going down by inches,
from female disease, with great pain. After tak-
ing Cardui, Oh! My! How I was benefited! I
am not well yet, but am so much better that I will
keep on taking Wine of Cardui till I am perfectly
cured."

Despite the envious attacks of jealous enemies
and rivals, Cardui still holds supreme position
today [as in the past 70 years] for the relief and
cure of female diseases. It stops pain, tones up
the organs, regulates
the functions, and aids
in the replacement of
a misplaced organ.

NEGRO VOTE AS AN ASSET.

Recognition to be Demanded from
Republican Leaders.

A movement of great significance
to the Republican party, has been
started by leaders of the colored
voters of the United States. It aims
at the election of one colored dele-
gate to the Republican National Con-
vention from each of twenty-seven
close Congressional districts in six
Northern States, and also the choice
of solid colored delegations from
twelve Southern States, where, it is
asserted, the colored people have been
ignored by the white Republicans.

These latter representatives of the
negroes are to demand recognition on
the ground that the black voters con-
stitute the bulk of the Republican
party in the South.

In many States Foraker clubs have
been started. They are chiefly com-
posed of negroes, and are not intended
so much to boom the Senator for the
Presidential candidacy as they are to
applaud him for attacking the dis-
charge of the negro battalion, without
trial, on the accusation of complicity
in the Brownsville disturbance. These
clubs are working against Secretary
Taft, who, as head of the war office,
is held to be immediately responsible
for this injustice to the black troops.

As nearly all the negroes are probably
Republicans, the following latest table
will be of decided interest to the Re-
publican campaign managers at this
moment. It gives the number of black
males of the voting age, according to
the census of 1900, in States which
have recently or always been carried
by the Republicans in Presidential
canvasses:

Connecticut 4,576

Delaware 8,374

Illinois 29,762

Indiana 18,186

Kansas 14,695

Maryland 60,406

Nebraska 2,298

New Jersey 21,474

New York 31,425

Ohio 31,235

Rhode Island 2,765

West Virginia 14,763

As, under no possible circumstances,
can there be any such tidal-wave ma-
jority in those States in 1908 as there
were in 1904, the negro vote may
prove to be a very important factor
in the campaign. The chances are
that the big Republican majority of
1896 and 1900 will not be repeated
under any condition this year. The
close vote of the earlier canvasses is
likely to be seen in nearly all the Re-
publican States in 1908. Previous to
1896 New Jersey had been going
Democratic pretty constantly, and so
had Delaware, Maryland and West
Virginia. Maryland is mentioned here
because it was carried by the Republi-
cans in all three of the latest Presi-
dential canvasses, although in that of
1904, owing to Gorman's tricky law,
Roosevelt received only one of its
electoral votes. Previous to 1896 New
York had been swinging from one
party to the other in succeeding Presi-
dential election. It was carried by
the Democrats in 1892, as were Con-
necticut, Illinois and Indiana.

It is easy to see that a revolt among
the black voters of the country in
1908 might turn the scale in suf-
ficient States to endanger the election.

Foreign Residents.

Port-au-Prince, March 20.—Conse-
quent upon the decision of the Haitian
government to permit the participants
in the late insurrection who have as-
sumed in the various consulates, to leave
the country unmolested, the French
cruiser d'Estrees is preparing to take
on board all the refugees in the Ger-
man, French and Spanish consulates
at Gonaives, at St. Marc and Port-
au-Paix. The cruiser will take the re-
volutionists to St. Thomas.

President Nord Alexis has issued
instructions in the case of six mili-
tary officers, including Major Laro-
que, commandant of the crack caval-
ry corps, who are now under arrest on
suspicion of being implicated in the
recent conspiracy, that if the facts
warrant it, they be taken before a regu-
larly constituted military court for
examination.

A courtmartial will decide the case
of Major Aurel Madeu, charged with
making an attempt against the securi-
ty of the state and conspiring to as-
sassinate the president. There were
no signs of disturbances throughout
the city, the presence of the warships
in the harbor allaying the fears of the
foreign residents.

Port-au-Prince, March 20.—The sit-
uation here Thursday continued tran-
quil. Three other warships have
arrived in port, the American cruiser
Des Moines, the American gunboat
Paduch and the English cruiser,
Creasy.

Good Liniment.

You will hunt a good while before
you find a preparation that is equal
to Chamberlain's Liniment as a cure
for muscular and rheumatic pains, for
the cure of sprains and soreness of
the muscles. It is equally valuable for
lameness and all deep-seated muscu-
lar pains. 25 and 50-cent sizes for
sale by all druggists.

TO THE PUBLIC

The Diamond Ice Company wants
to talk to you about ICE:

First—The consumers are interest-
ed, because they want pure, whole-
some ICE for home use.

Second—Retail ICE dealers are in-
terested, because they want full-
weight, solid, hard, slow-melting ICE
they can cut up and sell in small
pieces at a good profit.

Third—Fishermen are interested,
because they want ICE frozen down
around zero—so cold that it almost
freezes the fish and keeps them in
good condition a long time.

To all you people we want to say
that we are going to give you the
best service, and having the best
water in Florida, the very best ICE
this year you ever had. If you find
some other ice company trying to get
your orders by offering you ice at
5 cents a hundred less than we charge
you, or by some other doubtful propo-
sition, just remember that the Dia-
mond Ice Company gives you good
ice and quick service, and you are
always pleased. So why not trade
with us? We always have treated you
right. We always will treat you with
every consideration. We always will
give you the best ICE and the best
attention you can get. So start with
us and stay with us. It will help you
to keep comfortable and happy dur-
ing the "good old summer time."

Sincerely yours,
THE DIAMOND ICE CO.

Charles Williams vs. Norrella Williams.
—Bill for Divorce, Order of Publication.

It appearing by affidavit appended to the bill
filed in the above stated cause that Norrella
Williams, the defendant therein named, is a
resident of the State of Florida, that she has
been absent for more than sixty days next
preceding this Order of Publication and is non-
residing herself so that service of process can-
not be made upon her, and that there is no
person in the State of Florida, the service of
a subpoena on whom would bind said defend-
ant, and that she is over the age of twenty-one
years; it is therefore ordered that said resident
defendant be and she is hereby required to
appear to the Bill of Complaint filed in
said cause on or before Monday,
June 2nd day of April, A. D. 1908,

Max Caras, a heavy loser in the Tampa fire, has brought suit against the water company for \$35,000 damages. The water company will doubtless be the defendant in a number of suits brought on the ground that it did not furnish sufficient water supply.

J. J. Woolf, for sometime agent of the Atlantic Coast Line at Fort Myers, has left his home and gone to parts unknown, leaving no trace as to his whereabouts. His wife and children are unable to account for his disappearance. He was last seen at Key West.

With the aid of a locomotive and an adequate number of cars the road between here and Pine Key can be completed in a few months.—Key West Citizen.

The public schools of Duval county, keeping pace with that great commercial and industrial progress of the section, are enjoying the most prosperous year in their history. Statistics in the office of County Superintendent of Public Instruction H. H. Palmer show that there are nearly 9,000 children now attending school in Duval county. To be more exact, there are 8,737 enrolled.

Five dollars a crate for celery sounds awful big, but that is the price that some Manatee celery has been sold for. Of course this price is a little above the average, but \$3.50 and \$4 sales is the price being received all around. This is mighty good, and means between \$3,500 and \$4,000 an acre for this toothsome vegetable. If the markets hold up the Manatee county growers will be well to the good when the season is over with a sufficient bank account to spend the summer in the mountains.—Manatee Record.

For some reason or another the fish in the Caldwell pond are all dying. Some say it is because the pond is going dry and others that it is because it has been dynamited. Some of these fish are very large, and weigh as much as sixteen pounds. Perhaps as many as twenty years ago, when there was so much in the newspapers about the German carp as a food fish, and the Government was distributing them in all parts of the country, a bucketful was sent to some unknown party in Ocala. As the day on which they

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of Swamp-Root has been realized. It is sold in five-cent and one-dollar bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Arrived was bitterly cold the express officials were fearful that they would freeze and turned them over to Hon. C. M. Brown and the writer, and we placed them in the Caldwell pond. We are a little surprised to know that they have been growing and multiplying all these years, for we thought they had long since disappeared.—Ocala Banner.

The Baby Incubator at Dixie Land Park in Jacksonville recently turned out a graduate that will attract much attention throughout the State. This little baby is Walter McLin of Tallahassee, grandson of Commissioner of Agriculture B. E. McLin, who is one of Florida's most popular and prominent citizens. Several weeks ago this interesting babe arrived at the incubator, weighing a little over two pounds. It came in a special car, and its physician and nurses were alarmed because they doubted that it would live. This baby was discharged, weighing seven pounds and three ounces, and the perfect picture of health. Dr. Fischel, Dr. Haverly and the nurses gave close attention to the McLin baby, and their work speaks volumes for the efficiency of the system. The mother of the baby is the happiest woman in Florida, and was in Jacksonville several days before the child was discharged. She is enthusiastic over the incubator, and believes her bouncing boy will achieve distinction in Florida because of the method in which his life was made possible.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

BIG MEETING OF CONFEDERATE VETS

Largest and Most Enthusiastic Meeting in Camp's History.

FIVE NEW MEMBERS ELECTED

Many Committees Were Appointed, and the Camp Got Down to Business on Business Principles—By-Laws Adopted—Memorial Day Plans.

From Saturday's Daily Sun:

One of the most largely attended meetings of Stonewall Camp, United Confederate Veterans, ever held in the history of the camp, was that of the quarterly meeting, which transpired in the court house in this city Friday morning, more than fifty members of the camp being present.

The meeting was called to order by Commander W. M. Blitch, who said at the beginning how glad he was to see the faces of so many of his old comrades, and glad, also, to note the general harmony and good feeling among them, which reminded him of the days of the '60s, when "the boys" were always ready for a "fight or a frolic," and they were equal to either occasion.

The meeting being called to order, the minutes of last meeting were read by Adjutant J. C. McGrew, and upon motion approved.

The committees on by-laws, comprising J. A. Carlisle, J. D. Matheson and E. C. F. Sanchez, made its report in the form of a typewritten copy of the by-laws, which, with a few slight changes, were adopted, and 200 copies ordered printed.

The question of the observance of Memorial Day was brought up, and it was unanimously agreed to invite Rev. J. B. Mitchell of Orlando, a speaker of note and a true and enthusiastic veteran, to deliver the oration of the day.

Memorial Day (April 26) falling on Sunday this year, it was decided to observe Monday, and at the proper time a suitable program for the occasion will be published.

A reception committee comprising S. H. Wienges, J. D. Matheson and T. L. Boulware, were appointed for Memorial Day.

Judge Horatio Davis of Gainesville, E. C. Chitty of Micanopy and Captain H. E. Stokes of LaCrosse were appointed as an executive committee.

As a relief and pension committee S. H. Wienges, J. D. Matheson and J. A. Carlisle were appointed.

Five new members were elected to membership, as follows: W. H. Gay of Trenton, S. B. Harville, C. C. Fraser and J. Y. Bradley of Alachua, R. H. Ward of Hawthorn.

It is the purpose of the camp to co-operate with the Daughters on a program for Memorial Day, which will be announced as soon as completed.

The camp adjourned until 10 o'clock a. m. Monday, April 27.

Jackson, Miss., March 20.—Dr. H. L. Noel and wife were accidentally shot at their home in the country, near Grenada, Miss., on Tuesday night. When the couple were about to retire, Mrs. Noel threw back the bed covers, knocking a pistol to the floor. The weapon was discharged, the bullet passing through Mrs. Noel's leg just below the knee and lodging in Dr. Noel's groin, ranging upward. The couple were hurried to the depot at Grenada and placed on a special train. They were taken to Memphis for treatment, from which place a telegram to Governor Noel says they are improving, with hopes well cut for Dr. Noel's recovery.

Iron Ore Deal in Barlow.

Cartersville, Ga., March 20.—Dr. T. H. Baker, former senator from the forty-second district of Georgia, has sold an option to the Virginia Iron, Coal and Coke company, on his property adjoining the Sugar Hill property of the Southern Steel company, the price being \$80,000. The property on which the option was taken is said to be rich in iron deposits and it is rumored that the company will develop the mines at an early date. It embraces several hundred acres.

Last Day of Races.

Savannah, Ga., March 20.—Perfect weather conditions and a crowd of spectators larger than any previous race day, among them the governor of the state, as a special guest of the city, marked the opening of the last day of the auto race meeting here under the auspices of the American Automobile association. The event of the day was the 300-mile race for the Savannah challenge trophy, valued at \$3,000, in which there were eight starters.

No Case on Record.

There is no case on record of a cough or cold resulting in pneumonia or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. J. W. McCollum & Co.

Instructed for Cannon.

Litchfield, Ill., March 20.—The republican convention of the twenty-first congressional district held here, elected delegates to the Chicago convention and instructed them for Joseph G. Cannon for president.

Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynesboro, Ind. When given as soon as the croup cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.
